

## COVID-19 Emergency Support Framework

# Engagement and support call Summary Record

### Market Square Surgery

Location / Core Service address	Date
Market Square Surgery 13 Sewardstone Road , Waltham Abbey EN9 1NP	07/07/2020

Dear Market Square Surgery

The Care Quality Commission is not routinely inspecting services during the COVID-19 pandemic. We are maintaining contact with providers through existing monitoring arrangements and engagement and support calls covering four assessment areas:

- Safe Care and Treatment
- Staffing arrangements
- Protection from Abuse
- Assurance Processes, Monitoring and Risk Management

This Summary Record outlines what we found during the engagement and support call shown above, using standard sentences and an overall summary.

We have assessed that you are managing the impact of the COVID-19 pandemic at the above service. The overall summary includes information about the internal and external stresses you are currently experiencing, how they are being managed, and sources of support that are available.

Emergency Support Framework calls and other monitoring activity are not inspections. Summary Records are not inspection reports. Summary Records are not published on our website.

## Assessment Area 1

### Safe care and treatment

---

**1.1 Are infection risks to people using the service being thoroughly assessed and managed?**

---

**Yes** Infection risks to people using the service are being thoroughly assessed and managed.

---

---

**1.2 Does the service have the resources to obtain, and reliable access to, all the supplies, personal protective equipment and C-19 testing it needs, for both staff and people who use the service?**

---

**Yes** The service has reliable access to the right personal protective equipment and C-19 testing for both staff and people who use the service.

---

---

**1.3 Does the location's environment and layout support preventing and containing transmission of infection?**

---

**Yes** The location's environment supports the preventing and containing the transmission of infection.

---

---

**1.4 Are working arrangements and procedures clear and accessible to staff, people who use the service, their supporters, and visitors to the service?**

---

**Yes** Working arrangements and procedures are clear and accessible to staff, people who use the service, their supporters, and visitors to the service.

---

---

**1.5 Are medicines being managed safely and effectively?**

---

**Yes** Medicines are being managed safely and effectively.

---

---

**1.6 Are risks to the health of people using the service being properly assessed, monitored and managed?**

---

**Yes** Risks to the health of people using the service are being properly assessed, monitored and managed.

---

## Assessment Area 2

### Staffing arrangements

---

**2.1 Are there sufficient numbers of suitable staff to provide safe care and treatment in a dignified and respectful way?**

---

**Yes**            There were enough suitable staff to provide people with safe care in a respectful and dignified way.

---

---

**2.2 Are there realistic and workable plans for managing staffing levels if the pandemic or other causes lead to shortfalls and emergencies?**

---

**Yes**            There were realistic and workable plans for managing any staffing shortfalls and emergencies.

---

## Assessment Area 3

### Protection from abuse

---

**3.1 Are people using the service being protected from abuse, neglect, discrimination and loss of their human rights?**

---

**Yes**            People were being protected from abuse, neglect, discrimination, and loss of their human rights.

---

---

**3.2 Are the service's safeguarding and other policies and practice, together with local systems, properly managing any concerns about abuse and protecting people's human rights?**

---

**Yes**            Safeguarding and other policies and practice, together with local systems, are properly managing any concerns about abuse and protecting people's human rights.

---

## Assessment Area 4

### Assurance processes, monitoring and risk management

---

**4.1 Is the provider monitoring and protecting the health, safety and wellbeing of staff?**

---

**Yes**            The provider is monitoring and protecting the health, safety and wellbeing of staff.

---

---

**4.2 Does the provider have effective systems and methods for monitoring the overall quality of the service and for responding to business risks and issues as they arise?**

---

**Yes**            The provider's systems and methods for monitoring the overall quality of the service and for responding to business risks and issues as they arise are effective.

---

---

**4.3 Is the provider supporting staff and people who use the service to raise any concerns and give feedback?**

---

**Yes**            Staff are supported to raise concerns and give feedback about the service.

---

---

**4.4 Is care and treatment provided to people being properly recorded?**

---

**Yes**            Care and treatment provided to people is being properly recorded.

---

---

**4.5 Is the provider able to work effectively with system partners when care and treatment is being commissioned, shared or transferred?**

---

**Yes**            The provider is able to work effectively with system partners when care and treatment is being commissioned, shared or transferred.

---

### Overall summary

Infection control products

There was enough PPE. You worked on your own initiative, with the CCG and communities to ensure there was enough PPE. You made stocks available to staff and visitors to other providers in the building.

### Care and treatment for covid19

You had initially hoped to see your own patients presenting with symptoms of covid19 in the practice to enable you to be as responsive as possible; however, when this was not possible, you worked with the CCG and other stakeholders to ensure that people were safe.

### Supporting staff

You regularly reassure staff that you take their safety very seriously and, that if staff have concerns they are welcome to talk to you. You have worked with staff to accommodate their needs and preferences to ensure safety and flexibility within the team.

### Innovation

You were proactive about ensuring your patients were safe. You contacted a local school to provide advice and guidance about asthmatic patients who were pupils. You identified patients who were vulnerable but not recorded on any standard registers and contacted them to alleviate any anxieties.

You were proactive in working with other healthcare providers in the shared building to make sure people were safe.
